Sir:

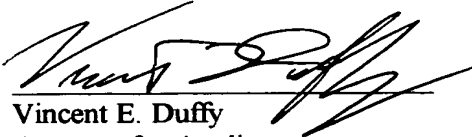

Applicants hereby request that the enclosed supplemental declaration for the above-identified patent application replace the original declaration filed on September 18, 2001, for the reasons given below.

The original declaration inaccurately claimed priority benefit under 35 USC 119(e) to United States Provisional Application No. 60/204,058 filed on May 12, 2000. This data was inadvertently added to the original declaration due to a typographical error. The supplemental declaration provided herewith corrects this error.

No additional fees are believed to be necessary but if any additional fees associated with this communication are deemed to be necessary the Commissioner is hereby authorized to charge Deposit Account Number 07-0832.

Respectfully submitted,
Maxim B. Belotserkovsky, et al.
